Dear Mayor Richard M. Daley

Hi! How are you doing? I'm glad you took the time out of your schedule to read our letter. We have a great idea on how to make more schools for Chicago.

First, use the vacant lots around the city to build more schools. We need more schools because some neighborhoods don't have schools.

Second, we're going door to door asking people to help us build schools.

Next, we're going to ask Home Depot to donate some tools to help build the schools.

Once the schools are built, we can have people at other schools donate furniture to the schools, so the students will have somewhere to sit.

We hope you like our idea. We think that by building more schools, we can make Chicago students even smarter!

Thank you for reading our letter. We hope that it gives you a great

idea on how to make Chicago even better.

Sincerely,

Chicago, Illinois 60603
