

May 14, 2009

Dear Mayor Richard M. Daley,

Hi Mr Daley! How are you doing? Thank you for taking the time out of your important job to read our letter. You are really giving us a great opportunity. Thank you for every thing you are doing for our city.

Our big plan is to make a shelter for stray animals in every neighborhood.

First, we will use vacant lots to build the shelters on. People will like that the lots have something on them.

Second we will get volunteers to come help build the shelters. People who have dogs will love to help, we think.

Once, the shelters are built we will ask people to volunteer to work in the shelters.

I hope you liked our idea on building animal shelters in all neighborhoods. There are a lot

of people in Chicago who have animals,  
So we are Sure we can get a lot  
of help.

Thanks again for your  
time.

Sincerely,
