Dear Mayor Richard M. Daley,

Hi! How are you doing? We are writing to tell you our great idea on how to make Chicago a better place. Our idea is to ticket people who litter. Here's how we think you can put our plan into action.

First, we can put a camera on every block. If they litter the camera will make a loud sound for the police to come and give them a ticket.

The people will have to pay a fine. By the people paying a fine, we hope they will stop littering because they don't want to pay money.

Thank you for reading our letter!

Sincerely,
