

May 14, 2009

Dear Mayor Daley,

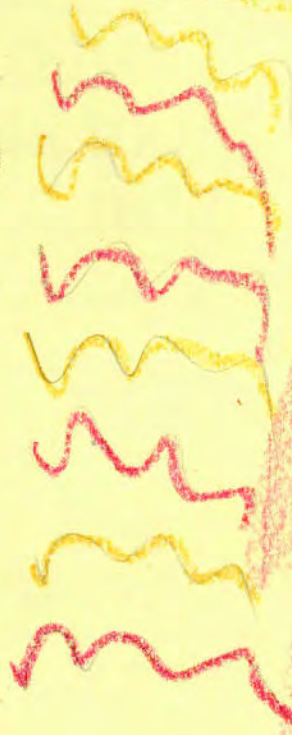

Hi we are in 3rd grade. Let us tell you all about our big idea. Our big idea is that kids should go to whatever school they want. This will be a great idea because if their parents have to go to work, they can drop their kids off at the closest school. It shouldn't matter if it is expensive, far, or too advanced. We want kids to go to any school they want. Please think hard about our big idea.

Sincerely,

Go to any school
