

Dear Mayor Daley,

My name is _____
and my friend's name is _____

and our
big idea is planting gardens
in vacant lots. Let me tell
you all about it.

First the gardens
would be in vacant lots.

The food would be free.

Anyone could get food like
fruits and vegetables. We

would do this to help home-
less people. They are dying

everyday and need help. Also,
this would beautify the city

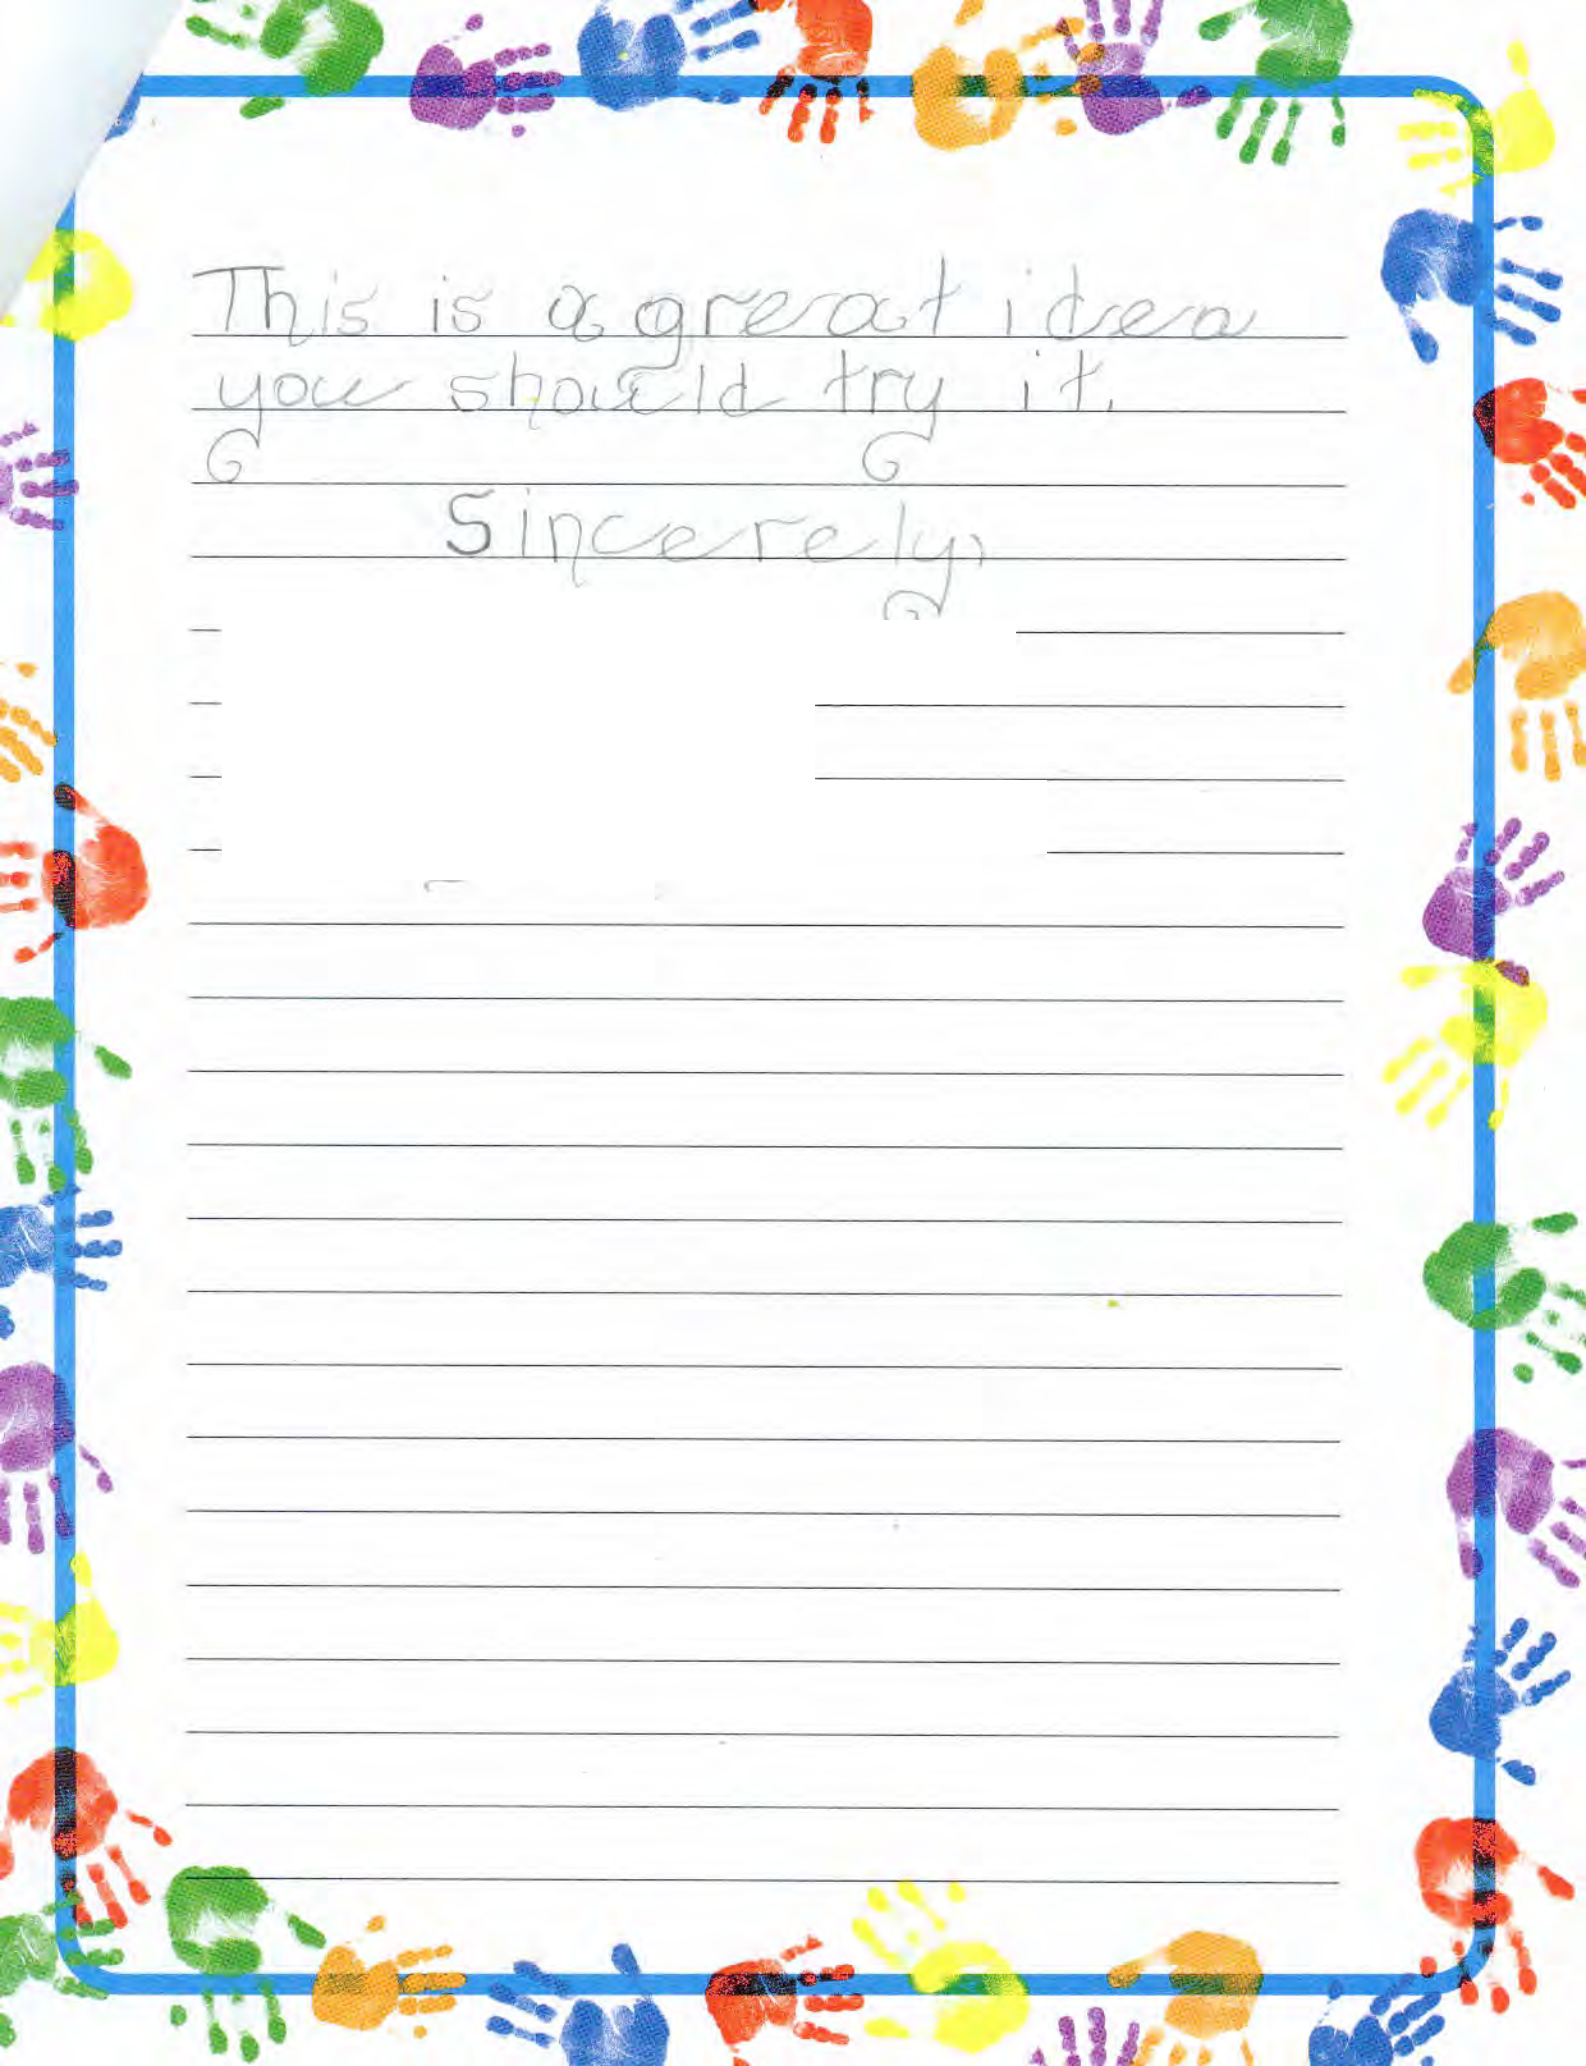

a lot. We aren't doing this
for money, we are doing this

for homeless people. All we
would ask is just the homeless people

volunteer to keep the gardens up.

This is a great idea
you should try it.

Sincerely,

ମାଟିର ଚାଷ
