Dear Mayor Daley,

I want you to give more jobs out to people and make it less hard for the people to be chosen for jobs. The people you see on the street that could be gone because they'll be working and saving to get a home and have food. I have predicted that this may cost a little bit of money. I have already made some plans, 1. Look for empty spaces not in use and a store that's not that big. 2. Look for fields, empty prairies, and things that will be used and tear it down, mow the grass, etc, and build a store like Jewel, Target, Walmart, etc, depending on how big it is. These are my plans. I really hope you can do this as soon as possible.

Sincerely,
