Mayor Richard M. Daley  
City Hall  
121 N. Ho. Salle  
Chicago, IL 60602

Dear Mayor Daley,

I think every neighborhood needs gardens. People need to have freshly grown vegetables. To make it happen, we need money, seeds and a place for the garden. We can use empty lots in the neighborhood. We need to train people so the garden can stay strong. If we had neighborhood gardens families would be healthier.

Sincerely

Mollison school
