Dear Mayor Daley,

I think every neighborhood needs a learning center. The learning centers will help families learn things that they don't know. The learning centers need computers, pencils, erasers, and paper.

You can see if any tutors can come into the learning centers and help out the people and the families. We can put these centers where there are empty buildings

Learning centers can help people and families all over the world to be smart and stay smart.

Sincerely,

Mollison
