Chicago IL 60602

Dear Mayor Daley,

Every neighborhood should have a sports center. The sports center will teach children to play the sport or sports they want to play. And the children can come after school and on weekends.

You can ask the Chicago sports teams to put equipment in the sports centers. We can build the centers on vacant lots in our neighborhoods.

The sports centers will keep families strong and healthy. And the communities can exercise and play together.

Sincerely,
