Dear Mayor

My name is

I am in 3rd grade and

I go to Monroe School

I have learned about  
the Grete Chicago fire

It was caused by a  
cow and a lot of houses  
and buildings got burned.

My idea for Chicago is  
to have less factories  
that's my idea.

My idea is important because  
a lot of smoke goes  
to the sky and it makes  
acid.

Best wishes
