Dear Mr. Maxon

Mr. Max name is  
I am in 3rd grade at Monroe School. I am 9 years old and I have been going to Monroe School since I was 4 years old.

My classmates and I have been learning about Chicago. I learned that the Burnham Plan was very important because it made better for the people. I would want the olympics to come here.

My big dream is to have less crime in this city. Gangsters for example should be arrested because they fight in the streets, paint graffiti and sell drugs on buildings. You should secure every neighborhood by putting more policemen in the streets. gangsters

be put to work instead of making it  
People

Should Be sent to war instead  
of innocent people.

Sincerely,
