

Dear Mr. Mayor,

5-13-09

Hi! My name is

I'm in 3rd grade in Monroe School.

I have heard in my class about

* Olympics

* important events that change Chicago

* The Burnham plan made Chicago better to the people.

Chicago must have more trains

* More train lines

* More trains in the lines

* No more train noises

* More space in the train

* Safer trains in Chicago

My idea will help Chicago in the future and right now, because it will help get to places and more people come to Chicago. Sincerely
