

May 15, 2009

Dear Mayor Daley,

My name is \_\_\_\_\_

I am in 3rd grade at monroe school. I learn many important events about Chicago.

My big idea is to improve parks by more playground equipment, more grass in parks, clean bathrooms and more space.

I think my idea is important by helping the environment. My idea will help the future of Chicago by making the air clean. I will help you do it.

Sincerely
