

Dear Mayor Daley, May 15, 2009

My name is

My plan is to build

more homeless shelters. For example

I chose downtown because

every time I go there I see

a lot of homeless people. I feel

that people are homeless because

there credits taxes are bad then

they become homeless. You should

should build the homeless

shelters in downtown.

Please pick my idea because

I want the homeless to have

a home and feel good.
