

Dear Mayor Daley

Will you please make trampolines
Playground equipment so more
children will come home from the
park with a scraped knee.

Because scraped knees hurt
really bad and people might
not go there if they keep
getting hurt. People will still
go there and you would not
have to pay for nothing.

It might take long but
it will be worth it. It will
cost a lot, but it's still
worth it.
