Dear Mr. Mayor,

I have an idea on how to make Chicago a better place. I want to make Chicago a better place by having more emergency boxes.

This will change Chicago because there might be a lot of emergencies. For example, if I had an emergency, but I dropped my phone. So the only thing to do is to press the emergency button. If you pick my idea, more crimes can be solved.

This is a great idea to make Chicago a better place.

From,
