

Dear Mayor Daley,

My plan is to rescue animals that have no homes because I love animals.

I saw a dog walking on the highway when I was going to michigan. My name is _____

I go to Murray language Academy. I am 9 years old and My teachers name is _____

One thing I know about Chicago is the great fire was on October 8, 1871. My big idea is to

build shelters for them because when they runaway or get lost they don't know where to go so they have a place to live for a little bit. To make my idea clear

I will have a plan and know where to put it, How much it might cost and how long it will take (5 or 6 years). It hires

people for jobs and save animals. I hope you pick my idea because animals are mans best friend. Also Places will be built

from _____

for the animals.
