

Compare 3 sources that make the same claim. (CCSSR8)

Note to teachers—this is a 6th grade adaptable PCR. You might start with two texts or one text and one video and then move to three sources.

You have read two texts and viewed one video that make the same claim. Write an essay that compares and contrasts the evidence each source uses to support this claim. Be sure to use evidence from all three sources to support your response.

Claim: _____

Evaluate the strength of evidence each source uses to support the claim.

Rate the strength of the evidence—how clearly does it support the claim?

Put + for strong evidence. Put ++ for very strong evidence.

EVIDENCE	Rating

Rate the strength of the evidence—how clearly does it support the claim?
Put + for strong evidence. Put ++ for very strong evidence.

Decide which provides the strongest support based on rating the evidence.

List reasons you will include for choosing that source.

Source with the strongest supporting evidence:

Reasons I chose this source.

Then write your essay explaining your evaluation of the three sources.
