Dear Mayor Daley;

Mayor Daley I like Chicago
but you need to make changes.

First, Mayor you should lower
prices so people can buy cars next
you should make better homes
and put police men on the bad
homes so people won't die and
you can save the people so do

to. Second, Mayor next you
should do is put home less people
in those homes then you help
them get them a job and so they
can make money.

Mayor Daley I know you can
do it.

Sincerely,
