Dear Mayor Daley,

You are the best Mayor of U.S.A, but we need to change some stuff. For a example I think you should take away guns.

Because to many people are getting kill in my neighborhood. I think people don't need guns because police only need guns for their job.

When people buy guns they get mad and kill people for know reason.

Mayor Daley tell the store to stop selling guns because people like to buy guns for they can kill people.

Mayor Daley tell the people to turn their guns in to the

police because if they do not  
they will keep killing people.  
Mayor Daley make guns a  
law for they can stop killing  
people.

Chicago will be different  
because know body will get  
kill.

Thank, you  
Sincerely  
love
