You are a
good Mayor!!!!!!

Please Dear Mayor Daley,

make
my
changes
come
true

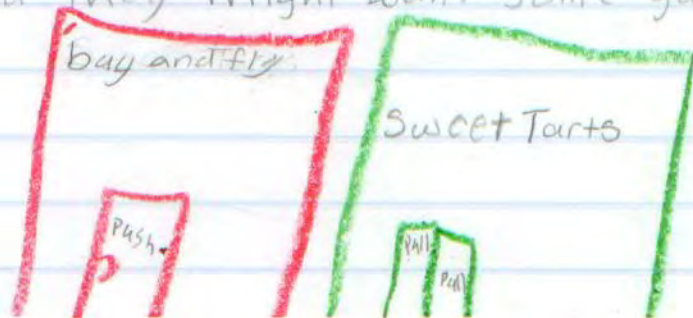

Chicago is a good town but I think there should be some changes because when people go to restaurants and it's their Birthday they should get in free.

Mr. Daley I think there should be more stores with gum, candy, and chips that cost less.

Please
make
my
changes
come
true

My change is so great because if it's someone's Birthday they should always get in free.

I think my change is so great because some people only have one cent or twenty five cent and they might want some gum, candy, or chips.

Sincerely,
