Dear Mayor Daley,

You're doing very well in the city but Chicago needs to be a fun city to all ages we need: new waterparks mix with hotels like Chula Vista resort for kids, parents, and family and the hotel would have gift shops, swimming stores, and kiddy stores but, I was the name: Tropical Islands but, lets think about the prices maybe \$20 a night and we can have more people coming in but, we will have a toddler spot so the babies can have fun to so I hope you make these changes if you want to contact me please go on.

thank you!
