Dear, Mayor Daley

I think Chicago should be the richest city of all other country's and city's for everybody can come.

First, because I won't Chicago to be the richest city because some people is homeless and they don't have no money and home to stay in.

Second, I won't people to stop doing drugs and drinking and other stuff that's too dangerous and that's why I think Chicago should be the richest city.

Conclusion, Mayor Daley I hope you change Chicago.

Sincerely
