Dear Mayor Daley,

My idea to make Chicago a better place is to create other afterschool programs focusing on teenagers when they can have fun and learn how to do a job.

I can say about my plan that is good because teenagers can have fun and at the same time they can learn how to work. In the future they can help themselves paying for their education by working what they learned about at the programs.

My plan also can help because teenagers will get busy and not get involved with gangs. With my plan teenagers will get prepared for their own future.

It is a great idea because it would make the people better prepared and make the city grow much more.

Sincerely,

Smell the squares!

Thank you for Reading
