

May 13, 2009

Dear Mayor Daley,

How are you doing?  
I really would like to talk to you. It's about free internet for the city of Chicago. I think we should have free internet because if He/She does not have money He/She will not have to worry about paying for His/her internet if He/She does not use it. But if you have free internet you would not have to pay anyway!

If there was free internet people would not have to go to the Library, they could just work from home and would have no problem about it! From free internet the government will not have to pay so much money for the internet in the Libraries of Chicago.

Mayor Daley no-one can be as smart as you are. Because of you Chicago is a better place for everyone.

Sincerely,
