Reilly
School

Dear Mayor Daley,
I have a great idea for Chicago and it is to have more schools in each neighborhood. This is a good idea because kids will learn faster, Chicago will have smart kids in the future who will get jobs, and kids will have a bright future. Having smart kids right now will be good because they will grow into smart adults. But if children don't listen during class, they are the people who don't get a bright future like the other kids who do listen. What the city needs to make my plan happen is a lot of money to buy the tools, it will take a long time, will need the community to help, it needs architects to plan it, and builders to build it. Chicago will be different by all the smart kids in the city growing into smart adults, and kids will dream big for the community. I know it will take a long time and a lot of work but it will make Chicago a great city.
Citizen.
