

Dear Mr. Mayor,

We should follow Burcham plan Centennian. This man always wants the best for our city to be the best.

Now I'm asking you to help our community.

We need librarians in our community because children need to read, and reading they can learn faster. They want to read fiction or nonfiction, and the librarians can tell lots of things about animals, our planets, and countries. Children need to check out books, and use books for reports and looking for research and study. That's why I think our community should have librarians.

Sincerely,

Reilly Inoué
