

## Science Reporter

K-1 teachers may use this format as a class or small group activity. Students in grades 2-8 should be able to complete it independently, although it also can be an activity.

When done independently it is an assessment.

CCSSR3—analyze the events in terms of their importance.

Topic: \_\_\_\_\_

*What are 3 important words you need to know to understand this topic?*

| Word | What It Means |
|------|---------------|
|      |               |
|      |               |
|      |               |

*What's important to know about this topic? Show and tell what you know.*
