Dear Mayor Daley,
Allow me to present my self.
my name is [redacted]

One thing you should change
is people under 15 should not
be outside at night. One
they might get killed by goons.
Two their parents are worried.

First, [redacted] got
killed by [redacted]

One, their parents wanted their kids
you to live more.

Second, their parents are
worried. It is their responsibility
for having a baby.

And how to make it happen
you need to give a speech to
a crowd of parents.

Sincerely,
