

May 12, 2009

Dear Mayor Daley,

My name is [REDACTED]

I think you should make more stop signs and stop lights. Because people who have cars don't look at the stop signs or stop lights. That's how car accidents are happening and people get hit by cars or get run over. So people could be safe. In our neighborhood there's not a lot of stop signs and people get hurt a lot. Now people don't get hurt now.

Sincerely,

[REDACTED]
