Dear Mayor Daley,

My name is [redacted].

We should help the homeless and harmless animals and don't give to the animal shelter because if we take them to the animal shelter and no one adopts them they will kill the animals. Some people find lost dogs and puppies and take them to the animal shelter, and the workers will kill the poor animals. So I say that if you're taking a pet to the animal shelter you should tell the workers to not kill them. And that's what I mean when I said don't take animals to the animal shelter.

Sincerely,
[redacted]

P.S. I hope you didn't return a animal to the animal shelter.
