

Dear Mayor Daley

May 11, 2009

Can you make this country good?  
Can you recycle? Because I have  
2 reasons why we should.

Be Clean and safe on this  
Country because we want this clean  
and healthy because some times  
I find garbage on the floor.

And when it was Earth day  
me and my brothers and sister's  
had to clean the street because  
I all ways see paper, cans, plastic.

Sincerely,
