How do I want to make Chicago a better place? My idea to make Chicago a better place is to clean my street. and work to throw the garbage in the hole. HELP people who can do at I could help that people.

Chicago needs more police to arrest the bad people who is mad with others people. They put smaller cameras, so gangs could not see the camera. Make David Square Park safe, so the constructor

could fix pot holes, because the street has holes, the tires could throw out and police could see the school safe. Children could ride their bicycle to school.

Fix the pools like David Square Park construction the pools. so could children, and people swim.

The street has rules and the park has too. don't broke any thing of the graffiti. Some gang don't want to listen to the rules of graffiti.
