My idea to make Chicago a better place?

My idea to make Chicago a better place is to close the taverns, make the cameras more smaller, more police, clean the streets, a new gun law, provide to the homeless and, keep the buses clean.

Close the taverns because that day when they have to drive to home they would crash. They have to put the cameras more smaller so the gangmembers could not see it.

More police because there are people bad.

My conaction is that one day we were in the park we saw bad persons and we went home.

We all need a new gun law, because some people kill themselves or kill others.
