How do I want to make Chicago a better place.

My idea to make Chicago a better place is to fix the pot holes, because when my dad drives and he get into a hole the wheel of my dad's car get flat. He can not move because the wheel of the car is flat. That's why I want to fix the pots of the streets. And my connection is that my dad was going to work and my dad get into a ally and when my dad get into that ally he dint see that in the ally was a very large hole and he pass the hole by going very slowly.
