How do I want to make Chicago a better place?

My idea to make Chicago a better place is to make a law for the store of beers not sale alot of it because they have to make the park safe, green grass of the park.

we need safe streets for the cars and the people the kids on their bicycles. Don't sale guns. we got a problems Gangers waking us up. More polices for our cities and more cameras.

I Like a safe schools for our childrens. we have to change the law of the guns because guns are not safe. We have to have clean bugs, we have to save the homeless.

To have more houses smaller cameras for the stores, and a safe Neighborhood.

These are many reasons why we need to clean our Chicago.
