

May 12, 2009

Dear Mayor Daley,

I have a few ideas for you on how to make our city of Chicago a better place to live. My first idea is to recycle. Another idea is to stop gang violence. My last idea is for you is to change school.

First of all, recycling is important because it keeps the city clean and because you'll be able to reuse.

Have you ever seen people get killed, well I have. That's why you should stop gang violence. It keeps us safer. Parents like you don't have to worried about letting you're kids go outside by themselves.

Have you ever wondered about changing schools because that's what kids want. For example, making a law so every school has to have recess. We need to put big fences so the gangsters don't shoot the kids. Also it's important that every school has airconditioning so the kids are not hot and this way they can learn better.

I hope that you can listen to my ideas and that they are helpful.

Sincerely,

Seward Academy
