Dear Mayor Daley,

I have a few ideas for you on how to make our city of Chicago a better place to live. My first idea is to recycle to keep our city clean. Another idea is to not have burned houses. My last idea for you is to change schools.

It is true that I haven't seen people recycle instead I have seen people throw garbage on the street. We need to keep our city clean. This is important because this way our city will look nice.

Have you ever seen people lose their homes, I have seen people lose homes. They don't have a home and nowhere to live. I think the city of Chicago should help these people by giving them some money and food.

I hope that you can listen to my ideas and that they are helpful.

Sincerely,
