Dear Mayor Daley,

I have a few ideas for you on how to make our city of Chicago a better place to live. My first idea is to change schools. Another idea is to stop gang violence. My last idea for you is recycling.

First of all, having schools is cool but I want to have a school with more internet and more books. If we have more books we would learn more things.

My second idea is to stop gang violence. I want that because I could play safely outside. Gangs kill many people. I hate that gangs shoot anywhere and they could do a "IBTG!" mistake and kill innocent people.

My third idea is to recycle. It's important to recycle so that people can reuse things again and this way there will not be a lot of garbage.

Thank you for reading my letter. I really would like you to change these things in my city of Chicago.

Sincerely
