Dear Mayor Daley,

I have a few ideas for you on how to make our city of Chicago a better place to live. My first idea is to stop gang violence. Another idea is fixing the streets. My last idea for you is to change schools. First of all, having a city without gang violence will be great. One reason is because people are getting hurt and gangs are killing people that did not do anything to the gangs. My second reason is because my mom goes outside with me because she is very worried about my safety. My third reason is because I can't play outside because I'm worried of the gangs. I want to be able to play outside without worrying. Let me explain why I also want to fix the streets. One reason is because cars are getting very stuck in the holes. My second reason is because the drivers will lose their balance and crash to a person that is walking on the side walk. Thank you for reading my letter I really would like you to change these things in my city of Chicago.

Sincerely,
