Dear Mayor Daley,

I have a few ideas for you on how to make our City of Chicago a better Place to live. My first idea is to stop the gang violence. Another idea is to clean up our curbside and recycle it. My last idea for you is to clean up after pets so our City won't smell.

First of all, having a City with out gang violence would be great. This way kids could go out to play in the park without being scared. Another reason is so that innocent people won't get killed.

Let me explain why I also think we should recycle. If we recycle we would keep our City clean. The alleys in our City are very dirty and people could get sick.

Thank you

Thank you for reading my letter. I really would like you to change these things in my City of Chicago

Sincerely
