

Dear Mayor Daley,

5-12-09

Dear Mayor Daley,

I have a few ideas for you on how to make our City of Chicago a better place to live. My first idea is to recycle. My other idea is to clean up the garbage. My last idea is to make the city look greener.

First of all, recycling is important to us. One reason is to keep our city clean. One thing you can do is to buy people special trashcans for recycling. Recycling keeps our city clean. It is important because some people put the grass in the regular trashcan.

Let me explain why I also think making the city look greener is important. The city needs to be cleaner. My second reason is visitors could say "this city is so beautiful and clean." My third reason is so we could have fresh air. It is important because what if we don't have fresh air. And what if we don't have plants.

I hope that you can listen to my ideas and that they are helpful.

Sincerely,
