Dear Mayor Daley,

I have a few ideas for you on how to make our city of Chicago a better place to live. My first idea is to clean up the garbage. Another idea is to not waste water. My last idea for you is recess in Schools.

First of all, having to clean up the garbage is a good choice because this way places would not be full of garbage. Streets, Parks and houses would be clean. Let me explain why I also want children to have recess in School. During recess you get to do whatever you want and some children could read or do homework. Some children would also play on Swings and playground in the Schools. If the School doesn't have a playground, could the city give money to the School to put a playground just like my School.

Sincerely,
Seward Academy
