Dear Mayor Daley,

I have a few ideas for you on how to make our City of Chicago a better place to live.

My first idea is to recycle.

My last idea for you is Chang Schools.

First of all, having city with people recycling would be good for our city to be greener. Let me tell you that some people don't even recycle.

Let me explain why. I also think changing schools is important. My classroom is so hot, we need airconditioning. We need more computers.

Thank you for reading my letter. I really would like you to change these things in my city of Chicago.

Sincerely,
