Dear Mayor Daley,

You can make more houses for the needy. You can make apartment less and lower taxes and rent and they can afford nice apartment. My family had to move when some bad people beat my dad up.

It's helpful to city if we shut down gun stores and cigarette stores because it can kill you and hurt your lungs and heart, Also, nobody needs to shoot another person.

I would really for you to help people live in a better place that is safe.

Every body wants a nice neighborhood,

branch Seward  
Sincerely
