Dear Mayor Daley,

My name is [redacted].

Please stop violence by arresting all gang bangers. You can also take away guns from people except police men.

So kids could have a better life. Also every one could have a better life. Like you could arrest drug dealer or kid nappers.

You could stop gangs by arresting all gang bangers. or kill all of them.

If you do this I could have recess at school. And less people will die.

Sincerely,
