Dear Mayor Daley,

All immigrants should stay in Chicago because they have brothers and sisters in Chicago and it won't be fare for people to have to leave. They should hide more cameras so they can catch people doing bad things they can hide cameras in the park so kids can play safely.

Every school should be a magnet school and we should make a special school for poor people who are homeless, they can live there we can take guns from the gang bangers so they can't kill people and we can help teenagers that stop going to school.
Sincerely,
