

Dear Mayor Daley,

May 12, 2009

Thank you for helping us.

I want you to help the poor people because some of them do not have a home where they can live in and not be cold.

Let me explain about people.

The poor people some times cannot afford to pay the rent or the house note. That is why you need to help the poor people.

It is amazing to think about the Mayor. The Mayor has to help the people that are poor so they can survive in the winter when it is cold the Mayor has to give the poor people some help.

This city cannot waste money.

Sincerely,
