

May 5, 2009

Dear Mayor Daley,

Do you realize that people are dying because of guns. People are buying guns and wanting money, when they steal stuff from other people. Some die if they don't give their money to them, so I would want you to stop this and also help the poor because they don't have anywhere to sleep, only on the street or sidewalk or ground or grass, I see people on the ground sometimes,

Sincerely

Seavard Academy.
