

Dear Mayor Daley

May 12, 2009

1. MANY immigrants have lived in Chicago for a very long time they do not want to leave they are working hard, Immigrants have worked so hard and some people want them to leave this city. you should please help them stay, they make our city better. Put some more cameras around the city so more criminals could get caught more easily and our police can get them more easily to.

2. let me explain about how to close every gun store too because people are dying, why? This is because people are shooting at other people too.

Sincerely

Seward
